To Whom It May Concern:

I understand that the Education Invention Centre of Canada is administering the Algoma University Campus programs in Brampton.

I believe that Algoma University is offering, accelerated degree programs at its Brampton Campus. This project is playing an important role in providing much needed facilities and resources to individuals, especially new immigrants, looking to upgrade their existing educational qualifications and/or obtain Canadian qualifications. This will certainly improve their chances to gain Canadian qualifications and facilitate their entry into the job market.

It is a pleasure to support this project which is dedicated to address immediate needs of new immigrants to integrate into the community.

Sincerely,

Harinder S. Takhar,
MPP, Mississauga-Erindale &
Minister for Small Business and Consumer Services
