

Office of the Registrar

Mr. Dennis Cutajar,
Commissioner,
Economic Development & Public Relations
City of Brampton 33 Queen Street West, 1st Floor
Brampton, Ontario L6Y 1L9

May 29, 2006

Dear Mr. Cutajar:

Re: Harpal Dhaliwal, President of EICC & Algoma University College

Please note that Algoma University College is working with the Education Invention Centre of Canada (EICC) to offer our accelerated second degree program in Computer Science in the Greater Toronto Area (GTA). The accelerated program provides graduates of an undergraduate degree, which is not in the field of Information Technology or Computer Science, with the opportunity to complete a second undergraduate degree in Information Technology or Computer Science *in 12 months*.

The format and structure of the course offerings provides students with an intensive study program to ensure return to work as soon as possible. Graduates are able to use the newly acquired Computer Science skills along with previous degree studies to compete in the competitive job marketplace. We believe that this program is particularly attractive to new Canadians with international credentials seeking a Canadian university degree and updated skill-sets.

Algoma University College is excited to provide access to this innovative program directly in the GTA. Mr. Dhaliwal is responsible for coordinating the space, marketing, and staff support for the program in the GTA. To run the program, a classroom space for about 30 - 40 students as well as a computer lab, study room, and meeting/office area are required. Mr. Dhaliwal and his associates are available to provide the necessary support for a successful offering of this program.

Should you have any questions or concerns, please feel free to contact me at:
krista.pearson@algonau.ca or 705-949-2301, ext 4119.

Sincerely,

A handwritten signature in blue ink that reads "Krista Pearson".

Krista Pearson, BA, BEd, MEd
Registrar & Director, Enrolment Management

Cc: ✓ Harpal Dhaliwal, President of EICC
Donna Woldanski, Divisional Director of External Relations
